DETAILED ACTION

Applicant's arguments filed 1/3/06 have been fully considered but they are not persuasive. The response submitted by Applicant does not overcome the rejection made by Examiner in the last Office action.

Claims 29-43 are rejected under 35 U.S.C. 103(a) as being unpatentable over Sutton et al in view of Pierce et al.

The rejection is maintained for the reasons as stated in the last office action and for the following reasons:

Applicant's arguments are based on the claimed characteristics in that the vinylsulfonyl functionalized polymer is soluble in water , water miscible solvents, or a mixture thereof.

Note that said characteristics depend on the function of the groups attached to said polymer in that only a vinylsulfonyl group has been claimed. The claims are broad enough to include any polymer having a vinylsulfonyl group should have the claimed characteristics.

The references do disclose the claimed polymer. Therefore, the characteristics must be considered inherent in the prior art.

Applicant's arguments are also based on the teachings from the specification on page 3, lines 17-25 to disclose said polymer. Said arguments have been fully considered but they are not persuasive since they are not commensurate in scope with the claims.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
